

CONGRESS OF THE UNITED STATES  
HOUSE OF REPRESENTATIVES

May 3, 2024

The Honorable Tom Cole  
Chairman  
Committee on Appropriations  
H-307, The Capitol  
Washington, D.C. 20515

The Honorable Rosa L. DeLauro  
Ranking Member  
Committee on Appropriations  
1036 Longworth House Office Building  
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Town of Garysburg Wastewater Infrastructure Rehabilitation project in fiscal year 2025.

The entity to receive funding for this project is the Northampton County Government, located at:

9467 NC HWY 305  
Jackson, NC 27845

The funding would be used for the replacement of the failing wastewater infrastructure in the Town of Garysburg, located in Northampton County, in order to provide safe, efficient, and affordable water infrastructure to underserved citizens. The current system has extended beyond its useful life, resulting in operational issues that have caused environmental concerns and cost increases to citizens. This project is an appropriate use of taxpayer funds because many citizens in the Town of Garysburg are unable to afford private water infrastructure, thus are dependent on public utilities. Northampton County is unable to provide a quality wastewater system as a result of the age. Securing funding for the proposed project will ensure that Northampton County is able to provide affordable basic water and sewer necessities for underserved communities.

The project has a Federal nexus because the funding provided is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C 1381 et seq.

I certify that neither I nor my immediate family has any financial interest in this project.

Thank you very much.

Sincerely,

Donald G. Davis  
Member of Congress
