The Honorable Tom Cole
Chairman
Committee on Appropriations
H-307, The Capitol

The Honorable Rosa L. DeLauro
Ranking Member
Committee on Appropriations
1036 Longworth House Office Building
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Bertie County Emergency 911 Center project in fiscal year 2025.

The entity to receive funding for this project is the Bertie County Government, located at:

106 Dundee Street
Windsor, NC 27983

A fully functional Emergency/911 center would have a significant impact upon the citizens within the region. The ability to have adequate communication between first responder agencies, along with state and federal co-ordination will provide an effective way to serve citizens in the northeastern region. The ability to co-ordinate emergency services in a rural area that has a massive land mass is paramount. Although 80% of the funding is in place for the shovel-ready facility, the remaining 20% will help to complete the financial requirements.

The project has a Federal nexus because the funding provided is for purposes authorized by Section 306 of the Consolidated Farm and Rural Development Act, 7 U.S. Code section 1926(a).

I certify that neither I nor my immediate family has any financial interest in this project.

Thank you very much.

Sincerely,

Don Davis
Member of Congress
