

CONGRESS OF THE UNITED STATES
HOUSE OF REPRESENTATIVES

March 24, 2023

The Honorable Kay Granger
Chairwoman
Committee on Appropriations
H-307, The Capitol
Washington, D.C. 20515

The Honorable Rosa L. DeLauro
Ranking Member
Committee on Appropriations
1036 Longworth House Office Building
Washington, D.C. 20515

Dear Chairwoman Granger and Ranking Member DeLauro:

I am requesting funding for the Regency & Essex Sewer Extension project in fiscal year 2024.

The entity to receive funding for this project is the Town of Nashville, located at:

499 S. Barnes Street
Nashville, North Carolina 27856

The funding would be used for construction of a sanitary sewer collection system in unserved portions of the Regency Estates and Essex Road subdivisions. This project will provide sanitary sewer service to 45 residents within the First Congressional District whose 50-year-old septic systems are or near failing. The septic systems cannot be replaced because their lots are not suitable to contain a septic system by today's standards and are not large enough to construct a replacement septic system. Without a sewer collection system, these residents are in jeopardy of having their homes condemned.

The project has a Federal nexus because the funding provided is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C 1381 et seq.

I certify that neither I nor my immediate family has any financial interest in this project.

Thank you very much.

Sincerely,

Don Davis
Member of Congress
